The Ultimate HDTV Entertainment Experience

The DIRECTV Residential Experience (DRE) provides the best interactive HD entertainment for a consistent in-room guest experience across the country. Properties benefit with technology that's easy, flexible and compatible with most TVs and wiring. Guests benefit from the full residential lineup with access to over 100 HD channels

Big Entertainment for Any Size Hotel

The COM3000, DIRECTV's third-generation HD and 4K headend video solution sets the industry standard for equipment features and product reliability. Packing the most channels into the smallest footprint in the industry, DIRECTV's solution supports up to 138 HD channels, including 4K programming, the industry's best picture format. Available for any size property over most wiring schemes, the COM3000 is ideal for properties with large room counts where property owners don't want a receiver for each TV.

Introducing the Advanced Entertainment Platform

DIRECTV's next-generation content delivery solution provides linear satellite and broadband over-the-top (OTT) content for an enhanced entertainment experience for your guests. This solution adds an in-room set top box, antimicrobial custom remote and cloud services to the HD COM Systems. This new platform provides curated targeted content through a customizable, user-friendly interface.

Now entertainment can check into any screen.

With DIRECTV, guests can easily stream movies and shows from apps on their mobile devices to their in-room television. DIRECTV's supported streaming solution works with all HD DIRECTV entertainment systems and easily integrates into your existing wiring configuration. Guests can stream from 1000+ supported Google Chromecast-enabled apps on multiple connected devices with no app login required through the TV, and they're automatically disconnected at checkout.
