

INTRODUCING THE **Advanced Entertainment Platform (AEP)**

SET TOP BOX • REMOTE • CLOUD

Our Best Content Delivery System Yet

Designed specifically for the hospitality, healthcare and other commercial institution markets, the AEP provides curated targeted content through a customizable, user-friendly interface.

AEP provides DIRECTV linear satellite and broadband **over-the-top (OTT)** content for an enhanced entertainment experience for your customers. This next-generation solution adds an in-room set top box, antimicrobial custom remote and cloud services to the **HD COM3000 system** and other older models.

Flexible, cloud-delivered updates to meet changing market needs

Remotely manageable — no PMS integration required

Customizable home screen includes a logo, welcome message, background image and more

Streaming from personal devices through: **STAYCAST** powered by Google Chromecast

4K content and programming

On demand programming through app-based content

Add your own channels and share info with your customers with local and over-the-air content insertion features

Live TV: includes sports, breaking news, hit shows and more

Give your customers more entertainment options and ways to view and stream the content they want!
